

## Pillow-Top construction with natural materials: Pure craftsmanship

Feel all benefits and features on a single-sided comfort mattress. Pillow-Top system allows better adaptation of inner layers to body contour, avoiding any pressure point, providing a light and soft touch.

**Micro pocket spring with cotton encasement.** Model 100% free of synthetic foams and artificial fibres.

**100% Natural latex.** Elastic, soft and responsive firmness for great adaptability.

**Merino Wool.** Warm Fiber able to maintain a steady climate, avoiding peak temperatures.

**Wool, viscose and organic cotton.** Great quality and sustainable fabric.
